NEWS RELEASE

SAFE SECURITY ACQUIRES 24,000 SUBSCRIBER ACCOUNTS

February 5, 2013 –

SAN RAMON, CA: SAFE Security® announced today that it has acquired approximately 24,000 security alarm monitoring subscriber accounts representing \$1.1 million of Recurring Monthly Revenue (RMR) from Utah-based Pinnacle Security. Over 90% of the vintage accounts created between 2008 and 2010 use Alarm.com communications services.

“This is an exciting and important addition to SAFE’s portfolio.” said Paul Sargenti, SAFE’s President and CEO who founded the company in 1988. “The transaction fits very nicely into our national footprint. The acquisition, in conjunction with SAFE’s robust dealer program, provides cash flow to optimize and execute SAFE’s growth strategy.”

Sargenti adds, “We have worked diligently to build the infrastructure to assimilate and service these accounts and future acquisitions.” Last year SAFE moved its UL Approved central station, SAFE Monitoring Technologies, to corporate offices in San Ramon, improving operating efficiencies and allowing for a greater capacity for growth. The move also involved an upgrade to monitoring and subscriber management software and enhancement of monitoring hardware. SAFE continues to maintain the highest standard in business systems software and communications technology in the industry.

About SAFE Security®

SAFE Security ranks among the largest security alarm companies in the United States, with operations in 44 states. It is involved in purchasing, financing, servicing and monitoring residential and commercial security alarm monitoring contracts, as well as installing alarm systems. The company has built a sound reputation for offering reliable, state-of-the-art security equipment, superior customer service and the most robust, secure monitoring technology available. With a core focus on “protecting lives and property,” SAFE has streamlined its organization to operate more efficiently, while providing increased value to its customers. Recent initiatives include software upgrades throughout the enterprise, consolidation of monitoring stations, an improved service infrastructure and a broadened installation capacity. SAFE Security® (Security Alarm Financing Enterprise, L.P.), headquartered in San Ramon, CA is one of the nation’s leading security alarm companies engaged in the business of purchasing, financing and servicing residential and commercial security alarm monitoring contracts. SAFE Security actively markets and installs alarm systems and monitoring to homeowners across the nation in addition to growing a robust dealer account acquisition program.
